This financial analysis report is organized into the following sections:

General Fund
Associated Student Body Fund
Debt Service Fund
Capital Projects Fund
Transportation Vehicle Fund
Permanent Fund
Staffing

The purpose of the financial analysis section is to provide a summary of the financial operations of the general fund and other funds for the month of April 2019. Current data is compared to the previous year.

I. GENERAL FUND (EXHIBIT 3)

The next table shows the reconciliation between King County's cash and investments and the district's fund balance in the general fund as of April 2019.

<u>Federal, Special Purposes</u> – This revenue is provided by the federal government to support programs for special needs students such as those needing help with reading and math (federal grants).

Expenditures for these programs are limited to revenue received, thus it has no net impact on the district's budget.

<u>Revenue From Other Districts</u> – This revenue reflects reimbursements received for special education services rendered to students from other school districts. The district has received \$6,777 through the month of April 2019.

<u>Revenue From Other Agencies</u> – This revenue relates to agreements and partnerships with governmental agencies and businesses to help fund educational programs. The district received \$580,896 through the month of April 2019.

<u>Revenue From Other Financing Sources</u> – This revenue relates to sales of surplus equipment, and interfund transfers. Revenue from other financing sources was \$163,132 through the month of April 2019.

3. Expenditures and Other Financing Uses

Year to date expenditures and other financing uses for this month were \$237.9 million, which is \$9.2 million or 4% higher than last year. This is primarily a result of increases in expenditures for certificated salaries, payroll-related benefits, and contractual services. Comparisons of the current month's expenditures to the same period last year by object and variances are shown below:
